WE WANT TO HELP

We want to make life's struggles a little bit easier. The poker community means the world to us and we are here to lend a hand....

MISSION STATEMENT

This foundation is created by women and provides a range of support services to all members within an arm's length of the poker community facing health or other life challenges.

At Brian's Women of Heart Foundation, we recognize that every situation is different. Each diagnosis, treatment plan, bad hand, time of suffering is unique and every person touched by these struggles has unique needs.

Our goal is to help as many people affected by hardship and those they love, in whatever way possible. Please review the below questionnaire and help us gain insight as how to best assist you, your family, your friend, your loved one, whomever needs it. No request too small, no wish too big. Please indicate which of the following areas would be useful for assistance: check the hearts that apply, mark any of the specific options or use the blank lines to tell us more!
